## Megaphone Meets the 21st Century

Use this extremely lightweight, yet powerful PA system to get your point across indoors – or on the playing field. The EUROPORT EPA40 portable PA system is designed for use in all situations where you need to raise the volume of your voice to communicate effectively with a crowd or small audience. The EPA40 is the ideal PA system for business meetings, sports coaching, tour guides, outdoor activities, classrooms – or any place where you could use a little extra volume for your voice.

## Super-Lightweight, Powerful Public Address System to Go

With its 5" full-range loudspeaker and 40-Watts of built-in power, the EPA40 provides superb sonic performance and weighs less than 6 lbs. The integrated battery pack is good for up to 8 hours of continuous operation – and recharges in less than four.

Rechargeable Battery

## Extreme Versatility and Value

Want to play some of your favorite tunes at the picnic? Just plug a CD/MP3 player into the Line In jack and crank it up! You can even mount the EPA40 on a microphone stand for public speaking engagements. A high-quality dynamic microphone and all the accessories you'll need are included for a complete, portable PA solution.

The EUROPORT EPA40 is perfect handheld, battery-powered PA system for those occasions you want to get your voice over the din of the crowd. With a powerful 40 Watts of output through a custom-engineered 5" full-range speaker, and everything you need included (mic, cable and stand adapter), the EPA40 is super-lightweight and always ready whenever you are. Check out this modern-day megaphone at your local BEHRINGER dealer, or order online today.

## Replacement Power Supplies are Available for the EPA40

Replacement power supplies are country-specific – please ensure you order the correct model or consult the documentation above for further information.
