- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

So you love the bite, twang and snap of single-coil pickups, but can't stand the 60-cycle hum that comes along for the ride. Plug into the NOISE REDUCER NR300 and kiss unwanted noise goodbye for good! The NR300 preserves the original attack and envelope, while leaving your playing and dynamics intact – helping you keep your mind on your performance.

Dynamic Duo

The NR300 actually functions as two pedals in one. In Reduction mode, you can adjust the dedicated Threshold and Decay dials to keep all your tone and dynamics intact, but effectively eliminate hum completely. In Mute mode, the NR300 becomes a super-quiet on/off switch for your instrument.

Ease of Use

Operation couldn't be easier. The NR300 features two LEDs – one to indicate when it's activated, another to indicate when it's suppressing noise. You can power this hum killer with a 9V battery or our [PSU-SB](#) DC power supply (not included). And the top-quality on/off switch maintains absolutely noise-free operation.

Sound Value

Lose the hum, but hold onto your precious single-coil tone with the ultra-affordable NOISE REDUCER NR300. Enjoy the freedom to do what you do best, without needing to babysit your signal! Pick up an NR300 at your [BEHRINGER](#) dealer today, or get yours online.

You Are Covered

We always strive to provide the best possible Customer Experience.
