- High-quality components and exceptionally rugged construction ensure long life
- 3-Year Warranty Program\*
- Conceived and designed by BEHRINGER Germany

Make sure every cable in your arsenal is in good working order with the invaluable CABLE TESTER CT100. This incredibly portable audio solution is a must-have for sound engineers and musicians alike.

## Test With the Best

The CT100 accepts every type of cable you might use in a recording or live performance situation: XLR, mono and TRS phone (¼", ⅝", TT), RCA and even MIDI. Choose from 3 modes: Cable Test, installed Cable Tester or Tone. The CT100 can check for continuity, intermittency, the presence of phantom power and grounded shields. Because this handy tool runs on two AA batteries you can carry it in your pocket, or clip it onto your belt – and be ready to troubleshoot at a moment's notice.
